Marco Bozzaris (1788-1823) was a Gk Pat, who fought to liberate his country from the Turks. In his army he had a Greco-Albanian tribe, the Sulistes, whom the Turks had driven from their territory in Albania. They consequently were eager to wage war agt the Turks. Boz is especially noted for his defence of Missolonghi. On Aug 20, 1823 he lost his life in a successful night attack on a superior Turkish force. Americans, with their own Rev still fresh in th minds, naturally sympathized with the Greek in the war for Independence and admired this young leader.

Fitz-Greene Halleck (1790-1867) a young N. Y. journalist, voiced the Am. sentiment in a poem called Marco Bozzaris.

I was induced to advance them
the nominal amount of their claims
which was thankfully acknowledged.
These friendly transactions have been
conducted by my men who are
unwary of my notice, and whose

have attempted to convert those
friendly exertions into negotiations
of profit & gain. My acquaintances
who live in distant parts of the
State, have frequently required my
assistance in the disposal of their
public & private papers, which I
have always attended to without
receiving any emolument whatever,
and should have conceived myself
unwary of their acquaintance had
I withheld my friendly assistance.
This may have given rise to the
prevailing report, and shall esteem
as a singular favour if you will

Handwritten text on a piece of aged, yellowed paper, likely a postcard or note. The text is written in cursive and is mostly illegible due to fading and the angle of the image. Some words are difficult to decipher, but appear to include "My dear", "I am", "very", "much", "lovingly", "yours", and "John". The paper has two punch holes at the top.

THE COLONEL WILLIAM ALLEN CHAPTER, Daughters of the American Revolution, wishes to call the attention of all Hereditary and Patriotic Societies in the State, and persons of Surry County lineage, to a work of restoration needed in the records of Surry County, Virginia.

A large will book of that County covering the period 1730-1739 has been withdrawn from use, and is in such a deplorable condition, that the county officers feel unwilling for it to have even the handling necessary for photostating.

The cost of restoration has been estimated at about \$700.00. The above Chapter has \$250.00 already pledged to this undertaking. Using this as a nucleus and realizing what an important book this is to all hereditary societies, and to all people having Surry ancestry, it is asking for contributions to help in its restoration. This seems the only feasible plan for accomplishing the project, since it is an undertaking too large for any one group or society.

In ~~front~~ of the restored volume credit will be given to each organization or person contributing towards it. On June 1st, 1933, if enough funds have not been raised for the work, all contributions will be returned to the donors.

The Chapter is requesting the three Genealogical and Historical Magazines in the State to publish the index to this will book, believing that if all persons having an ancestor in the list would send even a small contribution, it would be possible to preserve this book for posterity.

Make all checks payable to:

MRS. ALBERT H. OCHSNER, Treasurer
Spring Grove, Surry County, Virginia.
